- I-Joist Floor & Roof
- Floor Truss
- Wall Panel
- Whole House

### LOOKING TO EXPAND YOUR BUSINESS BUT CAN'T FIND IntellivIEW SUITE QUALIFIED DESIGN STAFF?

BEDC is scalable to your needs. We can increase volume or provide new services quickly. We take care of the recruitment, training, and quality control at no additional charge to you.

### DESIGN COSTS EATING AWAY AT YOUR BOTTOM LINE?

Our fees are highly cost effective compared to current designer labor rates. Pricing available in several options – per sqft, per project or designer per month. We ensure these costs are consistent and clear for each project.

### DESIGN AND ESTIMATING LEAD TIMES CAUSING YOU TO MISS OUT ON PROFITABLE OPPORTUNITIES?

Our teams use our exclusively owned and patented AI Technology to increase accuracy, efficiency, and design speed.

## WORKING WITH US IS EASY

- 1 Every customer gets access to ROME, our purpose built job management application which creates incredible efficiency for your entire team wherever they are.
- 2 Initial time sensitive discussion to understand you, your business, and introduce BEDC.
- 3 BEDC provides designs for 5 trial projects within 5 - 10 days of our first conversation. There is no charge but we do ask for a commitment of genuine and timely feedback to our team.
- 4 Our U.S. staff reviews those designs with you to ensure we are following your exact specifications and standards.
- 5 We ask for expected volumes so we can ensure adequate resourcing, but do not require any long term contractual commitments.

### DESIGN ERRORS COSTING YOU CUSTOMER RELATIONSHIPS?

Our teams of degreed civil engineers have years of design and engineering experience. Your U.S. based point of contact will be a Senior Designer responsible for returning production quality designs tailored to your specifications and unique marketplace.

---

### FEEL LIKE YOU'RE CONSTANTLY TRAINING YOUR COMPETITION?

BEDC creates a team solely dedicated to each customer. Since we take on the task of training and modeling your team to your business there is no risk and no impact on employee retention. The same design associates will perform work on your jobs each day as we develop that team to fit your needs.
